Re: Formal Approval of Form and Amount of Reclamation Surety, Bonneville Quarries, Inc., Fisher Creek Quarry, S/003/027, Box Elder County, Utah

Dear Mr. Bown:

On February 11, 2004, the Director of the Division of Oil, Gas and Mining formally approved the form and amount of reclamation surety for Bonneville Quarries, Inc.'s Fisher Creek Quarry small mining operation. The reclamation surety in the amount of \$6,519.61 is in the form of a Letter of Credit<sup>1</sup> issued by Barnes Banking Company. **The Division hereby accepts and approves the amount of reclamation surety for this small mining operation at this time.**

Unlike large mining operations where the surety is escalated five years into the future, the surety for small mining operations will be reviewed each year and may need to be adjusted for escalation purposes at that time.

We have enclosed copies of the fully signed and executed Reclamation Contract and surety bond forms for your files. We will forward a copy of the executed documents to the BLM state office for their records.

Thank you for your help in finalizing this permitting action. Please call me if you have any questions in this regard.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
